HOW WILL YOUR CAT BE COOLER?

No Roaming / No Yowling / No Spraying / No Territory Fights
Lower Risk for Serious Health Conditions

What Is TNR? Trap, Neuter, Return

TNR is the non-lethal, humane practice of capturing and spaying/neutering community cats, then returning them to their outdoor homes. Volunteers, outdoor-cat caretakers and high-quality, low-cost spay/neuter clinics manage TNR programs.
